HSP 600/100 CONTAINER

Hooklift container

The HSP 600/100 is a robust container 6 metres long and 1 metre high, designed for use with hooklift vehicles. Thanks to its generous 13.8 m³ capacity, this container is ideal for transporting bulky waste, green waste, rubble or other bulk materials. The low construction height makes loading with machines easy and safe. Perfect for construction, demolition or agricultural use.

- ✓ Length: 6,000 mm
- ✓ Height: 1,000 mm
- ✓ Capacity: 13.8 m³
- ✓ Suitable for hooklift

€8,375.00
