HSP 600/150 CONTAINER

Hooklift container

The HSP 600/150 is a powerful hooklift container with a length of 6 metres and a height of 1.50 metres. With an impressive capacity of 20.7 m³, it offers plenty of room for larger volumes of waste, rubble or organic material. Its sturdy construction and hook-arm coupling make it suitable for intensive use in construction, recycling or agriculture.

- ✓ Length: 6,000 mm
- ✓ Height: 1,500 mm
- ✓ Capacity: 20.7 m³
- ✓ Fitted with hooklift attachment
