BOXER WB MEADOW BLOWER

This pasture blower is equipped with 2 rotors with 2 replaceable sling knives and 2 glide runners on the side of the mower. These skids make it easy to adjust the height of the blower. This blower is extremely suitable for use behind the compact tractor. The heavy pendulum blades smash any branches and faeces.

The grassland blower is driven by V-belts.

- Supplied complete with power take-off.
- Supplied as a package (assembly time 1 hour).
