PENNACCHIO TP WATER PUMPS

Pennacchio TP dirty water pumps, auger pumps.

These Pennacchio pumps of the TP series are mainly used for direct irrigation of crops, water can be taken from different sources to make the best use of water resources. They can also be used for managing water and transferring large quantities of water. Pennacchio pumps have a complete range that meets all your needs. Practical and easy to transport, they guarantee great flexibility of use and high pumping performance even at low head.

The pumps are equipped with a take-off shaft and hydraulic height adjustment as standard.

3TP250: €4,615.00

4TP250: €5,090.00

5TP250: €5,715.00

6TP250: €7,640.00

7TP250: €8,325.00

4TP350: €5,350.00

5TP350: €6,875.00

6TP350: €9,190.00

4TP400: €6,255.00

5TP400: €8,125.00

5TP500: €11,860.00

Specifications

	(A)LENGTH OF PUMP	DIAMETER	MINIMUM POWER	NUMBER OF M³ PER HOUR
3TP250	3	25	45	792
4TP250	4	25	45	792
5TP250	5	25	45	792
6TP250	6	25	45	792
7TP250	7	25	45	792

	(A)LENGTH OF PUMP	DIAMETER	MINIMUM POWER	NUMBER OF M³ PER HOUR
4TP350	4	35	70	1440
5TP350	5	35	70	1440
6TP350	6	35	70	1440
4TP400	4	40	90	1800
5TP400	5	40	85	1800
5TP500	5	50	130	2620
