BOXER DUO PLUS FLAIL MOWER

Front flail mower ideal for green manure application

This front flail mower is the ideal solution for mowing green manure, grass and light vegetation. Specially designed for medium tractors with an output of 90 to 130 hp, this mower offers excellent performance when maintaining farmland, mowing green manure and carrying out other grounds maintenance. Versatile mounting options and durable construction make this front mower suitable for a variety of agricultural and landscape management applications.
