BOXER COMBI RAKE

The Boxer HB 275 combi rake is a versatile machine, designed for both raking and tedding in one operation. With a working width of 275 cm, this combi rake is ideal for medium to large farms. Its robust construction and high-quality materials ensure a long service life and reliability, even in intensive use. Thanks to the user-friendly design and adjustable settings, you can easily adapt the machine to different crop conditions and terrain types. The Boxer HB 275 combi rake ensures even crop distribution, resulting in faster drying and optimum quality of your harvest. Perfect for farmers who want to combine efficiency and quality.

HB 275: €4,150.00
