BOXER SB OVERTOP CULTIVATOR

The Boxer SB top-tiller is the ideal machine for laying and renovating lawns, sports pitches, horse paddocks and grassland. Thanks to the counter-rotating rotor and the grid roller, turf, stones and large clods are worked into the soil, whilst the fine soil remains on the surface. This creates a level and finely crumbled seedbed that is immediately ready for sowing.

The Boxer SB has been specially developed for compact and light tractors and is available in the SB125, SB145 and SB165 models.

SB 145: €2,595.00

SB 165: €2,905.00

Specifications

	COUPLING TYPE	NUMBER OF TEETH	(A)WORKING WIDTH	MACHINE WIDTH	MAXIMUM POWER	MINIMUM POWER	WEIGHT
SB 145	CAT. 1	28	145	155	40	25	380
