BOXER D-0 TRENCHER

Boxer D02 and D03 Trenchers - The Ideal Solution for Preventive Drainage

The Boxer D02 and D03 trenchers are powerful and reliable machines, perfectly suited for trenching in various applications. Particularly popular in the agricultural sector, these trenchers are often used to create preventive trenches between potato beds. This prevents waterlogging and protects crops from damage caused by excess rainwater.

D02: €4,950.00

D03: €5,950.00

Specifications

	COUPLING TYPE	NUMBER OF TEETH	MAXIMUM POWER	MINIMUM POWER	SLOT WIDTH	WEIGHT	WORKING DEPTH
