REMAC PX ROTARY HARROW

Folding power harrow - Powerful, compact and built for heavy-duty work

The Remac PX is a hydraulic folding power harrow specially designed for large farms and contractors. Its extra robust construction and original folding frame make it perfect for heavy soils, stony conditions and intensive use.

With working widths of 5, 6 and 7 metres and suitable for tractors from 180 to 300 hp, the PX works the soil in one pass to an even, ready-to-sow result. In addition, when folded up, the machine takes up minimal space on the road, making transport easy and safe.

PX 500: €40,370.00

PX 600: €45,730.00

PX 700: €55,135.00

Specifications

	NUMBER OF TEETH	(A)WORKING WIDTH	MINIMUM POWER	WEIGHT
PX 500	20	500	180	2200
PX 600	24	600	240	2490
PX 700	28	700	320	2780
