REMAC MX ROTARY HARROW

Reliable power for any soil

The Remac MX power harrow is a powerful, solidly built machine for intensive tillage. Equipped with fixed Multip tines - which combine the characteristics of a mestand and drip tine - this harrow ensures an evenly tilled seedbed on both light and heavy soils.

With working widths from 2.05 to 4.5 metres and suitable for tractors from 60 to 300 hp, the Remac MX is a durable and versatile choice for professional use.
