PRONAR T026 BALE WAGON

The Pronar T026 flat wagon is very suitable for transporting cargo volumes , such as straw, hay or pallets. The flat trolley is very reliable and universal in use.

The low bed construction with flat edges facilitates loading and protects the film of the wrapped bales from damage.

The height of the front and rear rack makes it possible to load two layers of bales. The width of the loading platform is adapted to transport europallets.

Optimum axle and track width, the wide tyres are suitable for work on unpaved roads.

€21,650.00

Specifications

DIMENSIONS

Height of loading platform from ground	1180
Loading platform height	1680
Loading platform length	9695
Loading platform width	2435
Overall height	2860
Overall width	2500
Soil thickness	3
Total length	11995
Track width	1820

OTHER

Maximum speed	40
Required tractor power	93

TECHNICAL SPECIFICATIONS

Loading capacity	24

WEIGHT

Own weight	4280
Payload	13720
