BOXER AG500 FLAIL MOWER

Boxer AG500 Hydraulic Flail Mower - Heavy Duty for Large Areas

The Boxer AG500 is a robust, hydraulically folding flail mower specially designed for large areas and intensive use. This rear-mounted PTO-driven flail mower is suitable for tractors with power ratings from 140 to 250 hp, ensuring optimum performance and reliability.

Features of the Boxer AG500:

- Hydraulic folding design: Easy transport thanks to the central folding function.
- Large working width: Ideal for efficiently mowing large fields and shredding crop residues.
- Heavy duty construction: Designed to handle heavy crop residues such as cotton stalks, grain stubble, maize and oilseed rape residues.
- Reliable performance: Specially designed for professional farmers who value efficiency and durability.

AG500 : €12,500.00
