TAF-P 45W

The TAF-P 45W is the perfect 45 kVA solution for those who need reliable power in tough conditions. This diesel generator delivers consistent performance thanks to a powerful turbo engine with intercooler and an advanced acoustic enclosure that ensures quiet operation. Ideal for sectors such as construction, industrial, telecom and emergency power.

With world-class technology and built to international standards, the TAF-P 45W is the robust choice for professional use, without compromising on ease of use or fuel efficiency.
