TAF-P- 62.5W

TAFE POWER's TAF-P 62.5W diesel generator is designed for users who do not want to compromise on reliability, power and operational safety. With a robust water-cooled turbo engine with intercooler, this 62.5 kVA generator is perfect for intensive applications such as in construction, industry, telecoms or emergency power supply.

TAFE POWER combines six decades of engine-building experience with cutting-edge international technology. The result? A powerful and efficient generator that delivers long-term performance, offers low operating costs and is easy to maintain.

€13,750.00

Specifications

DIMENSIONS

Overall height	1675
Overall width	1100
Total length	2500

DYNAMO

Power Factor	0.8
RPM	1500

ELECTRICAL INFORMATION

Electric system	12 V
-----------------	------

ENGINE

Cooling	Water
Cylinder capacity	3298
Engine power	82.3

TECHNICAL SPECIFICATIONS

Control panel	AMF , Manual operation
Power KVA	62.5
Tank capacity	125

WEIGHT

Own weight	1550
------------	------
