BOXER BKV BALER

The BKV bale clamp is suitable for picking up and moving square and rectangular bales with a width of 100 to 150 cm. The clamp is hydraulically operated and ensures a secure grip during transport, without damaging the bale's outer layer.

With a choice of W or Euro connection, this bale clamp is suitable for mounting on various compact wheel loaders.

BKV 150W: €1,675.00

BKV 150E: €1,675.00
