BOXER PB SILAGE GRAB

The pelican bucket is suitable for loading and moving loose materials such as manure, silage and other agricultural products. The bucket is equipped with a hydraulically driven top clamp, which holds the material securely during transport.

Available with W or Euro connection and available in widths up to 240 cm. Suitable for use on compact wheel loaders within agricultural and earthmoving operations.

PB 110W: €1,785.00

PB 120W: €1,825.00

PB 140W: €1,930.00
