TACK CS125

The Tack CS125 is a powerful and reliable diesel generator for professional and continuous use. With a prime power of 125 kVA / 100 kW (50 Hz, 3-phase, 400V), this generator provides stable power for heavy industrial applications, construction projects and emergency power supplies.

The generator is equipped with a robust Cummins 6BTAA5.9G2 engine and a high-quality STAMFORD UCI274ES alternator, ensuring consistent performance and long service life. The DSE6020 controller provides clear operation and reliable monitoring, while the ABB main switch ensures additional safety.

With its low-noise enclosure, integrated 8-hour base tank and durable stainless steel bracket finish, the Tack CS125 is suitable for intensive use in demanding environments. Perforated ventilation plates on each door and 3 European sockets ensure easy operation and connection.
