## TACK CS200

The Tack CS200 is a powerful and reliable diesel generator for professional and continuous use. With a prime power of 200 kVA / 160 kW (50 Hz, 3-phase, 400V), this generator provides stable power for heavy industrial applications, large-scale construction projects and emergency power supplies.

The generator is equipped with a robust Cummins 6CTAA8.3G2 engine and a high-quality STAMFORD UCI274H alternator, ensuring consistent performance and long service life. The DSE6020 controller provides clear operation and reliable monitoring, while the ABB main switch ensures additional safety.

With its low-noise enclosure, integrated 8-hour base tank and durable stainless steel bracket finish, the Tack CS200 is suitable for intensive use in demanding conditions. Perforated ventilation plates on each door and 3 European sockets make connection and operation easy.
