LOVOL F4110C

The Lovol F4110 narrow-track tractor is a powerful and versatile 110 pk tractor, particularly well-suited to tasks requiring a high level of power combined with compact dimensions and good manoeuvrability. This makes this Lovol ideal for use in, amongst other things , orchards, fruit growing, arable farming, nurseries and other crops where working space is limited.

This model is fitted with a 110 pk Weichai WP3.6N Stage V diesel engine, a 16+16 transmission with Power Shuttle, four-wheel drive and a fully equipped cab. Furthermore, the tractor comes as standard with a front linkage and front PTO, allowing implements to be used both in front of and behind the tractor.

€39,500.00
