BOXER VMS HYDRAULIC SWEEPER

Boxer VMS & VMSC hydraulic sweepers

The Boxer VMS and VMSC are robust, hydraulically driven sweepers designed for front-end mounting on a loader. Featuring a powerful 600 mm diameter brush, these machines are designed for the efficient sweeping of roads, courtyards, industrial estates and other paved surfaces.

The machines are available in three working widths: 125, 150 and 175 cm. The hydraulic drive requires a minimum oil flow of 25 L/min.
