LINHAI LH1100 D

Linhai LH1100D UTV - Powerful Diesel UTV for Every Terrain

The Linhai LH1100D UTV is the perfect choice for professionals in agriculture, forestry, industry and site management. Equipped with a reliable 1100cc Kubota 3-cylinder diesel engine and 25 HP of power, this Utility Terrain Vehicle (UTV) offers the power and versatility you need. With high and low gearing automatic transmission and engageable 2WD/4WD drive, the LH1100D performs optimally on any type of terrain.

With a 500 kg electric dump body, an 800 kg towing capacity and a hydraulic disc brake system, this UTV is designed for heavy-duty work and maximum productivity.

€14,250.00
